

OFFICE FOR CATHOLIC SCHOOLS

DIOCESAN SCHOOLS RETURN TO CAMPUS PLAN

DECISION TREE - STUDENTS

WHAT ARE CONSIDERED SYMPTOMS

decision tree may be modified based on the guidance of local and state health officials.

WHAT IS CONSIDERED EXPOSURE

Fever at or above 100.4 F			Contact with COVID-positive person
New and unusual display of the following: vomiting, chills, difficulty breathing, congestion or runny nose, loss of taste or smell, sore throat or cough, muscle or body aches, headache, nausea, or diarrhea		Less than six feet apart and More than 15 consecutive minutes and	
		One not wearing mask during contact	
STUDENT HAS SYMPTOMS			STUDENT HAS EXPOSURE
STUDENTS/PARENTS WILL: 1. Notify administrator and if at school, student will be isolated and need to be picked up within 60 minutes. 2. Students with symptoms of COVID-like illness will self-quarantine, should be evaluated by a physician, and, if directed, be tested. ADMINISTRATOR/STAFF WILL: 1. Ask the appropriate questions provided by DOPT and check student's temperature. 2. Notify administrator, (if staff) pastor (if applicable), & DOPT with pertinent information: name of student, grade, assigned teachers, last date on campus, symptoms reported and when they began, if/where student has been tested. 3. Contact parent to pick up student from school as soon as possible. Ask if anyone else in household is sick or has been diagnosed with COVID. 4. Isolate student and ensure the student wears face covering as appropriate while waiting to go home.			STUDENT WILL: 1. Not be allowed to return to school for fourteen days, even with a negative test. ADMINISTRATOR WILL: 1. Contact the parent or guardian to verify the student's exposure and date of last contact with the individual who has tested positive. 2. Inform the parent that the student will not be allowed on campus under any
15. Isolation room and student desk area will need to be cleaned thoroughly after student leaves.			not be allowed on campus under any circumstances for fourteen days.
