

Summer Work Challenge

Welcome to Kindergarten! Mrs. Maas and Ms. Viti are excited to have you in our class next year. To keep your brain strong and have everything you need to be successful in kindergarten, we have prepared summer learning options for you to practice your math, reading and writing skills. Read the instructions for the Math Challenge, Math Skills pages, Reading Challenge and Writing Challenge.

MATH Challenge

Be a SUPER STAR! Pick a way to keep your “Math Brain” sharp on the choice board. Each time you complete the challenge, color in a star! Color ALL the stars by Orientation Day!

Do a math worksheet	Count as high as you can	Make shapes with playdough	Use cereal to make pairs
Play Go Fish with your family	Do a math worksheet	Add items in your pantry	Build something with legos
Find shapes outside in nature	Use a ruler to measure block towers	Do a math worksheet	Roll playdoh balls and count to 10
Practice counting	Make shapes with playdough	Make a pattern	Do a math worksheet
Do a math worksheet	Build shapes with straws or sticks	Find pairs outside	Write as many numbers as you can.

READING Challenge

Reading is EVERYWHERE! Each time you complete the challenge, color in a coin!
Color ALL the coins by Orientation Day!

Heggerty Monday video	Read a book and tell it to your family	Pick one or two heggerty skill tutorials	Play alphabet matching game
Read a book with a flashlight	Heggerty Tuesday Video	Sing your abcs	Silly Letter Sound song with Jack Hartmann
Read a book outside.	ABCS with Jack Hartmann	Heggerty Wednesday video	Pick one or two heggerty skill tutorials
Pick one or two heggerty skill tutorials	Read with your mom or dad.	Read to a stuffed animal.	Heggerty Thursday video
Heggerty Friday video	Practice your abcs	Exercise, Rhyme, Freeze with Jack Hartmann	Read in the kitchen.

WRITING Challenge

Unleash your inner WRITER! Experiment with different types of writing and try as many options as you can. On Orientation Day, bring your most accomplished piece – the one that makes you truly proud.

Practice writing your name with a pencil.	Draw a picture of something you see outside.	Write your abcs with crayons	Write letters to relatives and friends.
Play heads-up with letter cards (say the sound and have the player guess the letter)	Practice writing your name with rainbow colors.	Write your abcs with chalk	Draw a picture of your favorite movie.
Write all uppercase letters	Label things in your home with sticky notes	Draw a picture of something you did this summer.	Practice writing your name with marker.
Draw a picture of you and a friend.	Write your name with chalk	Practice building your name with playdoh.	Draw pictures of the steps to make your favorite snack
Practice building your name with blocks or cereal.	Draw a picture from your favorite book.	Write your abcs with markers	Write all lowercase letters

Kindergarten Skills

Things to help your child begin to master...

- Write first name
- Count and write to 10
- Recognize numbers to 20
- Recognize patterns
- Begin to identify letter names and sounds
- Draw a picture and tell you about it
- Listen to a story and answer questions about it

Summer BLESSINGS

Lord God, Creator of all things, guide our steps and strengthen our hearts, during these months of summer and vacation days. Grant us refreshment of mind and body. We ask this through Christ our Lord.
